ErgoRazor®

Up to
3X
Longer
Sharpness

ErgoRazor was created with one goal in mind: to make periodontal work feel easier in the hands of every clinician.

From the beginning, we focused on what matters most *comfort, sharpness, & control.* Dentists work differently, so ErgoRazor lets you choose the handle and tip style that fits the way you work.

Whether you prefer the light feel of ErgoX, the thicker grip of ErgoX Plus, or the solid stability of ErgoSteel SP, each handle gives you a natural, balanced hold. The tips come in classic steel, low-glare black, or durable gold each crafted for reliable sharpness and smooth movement in periodontal pockets.

Fully autoclavable, corrosion resistant, and shaped for excellent tactile feedback, ErgoRazor brings ergonomics and precision together in one clean, adaptable range.

A razor that feels right in your hand & performs the way you expect every single day.

About

ERGORAZOR IS REGISTERED TRADEMARK OF ERGODENTA

Materials & Treatments

Expert Sharpening

Each ErgoRazor is carefully polished and sharpened by experts, ensuring lasting sharpness and consistent performance.

440C Stainless Steel

Every ErgoRazor tip is crafted from high-quality 440C stainless steel, valued for its strength and long-lasting sharpness.

Special Heat Treatment

A special heat treatment further strengthens the steel, making your ErgoRazor highly resistant to wear.

Choose your

ErgoRazor®

ErgoRazor® Black

Coated with a sleek black finish to minimize glare and enhance visibility. Ideal for deep periodontal pockets and precision-focused procedures.

ErgoRazor® Gold

Gold-coated for enhanced durability and smooth movement. Its corrosion resistance makes it a premium choice for clinicians who prioritize long-lasting performance.

ErgoRazor®

Made from high-quality stainless steel, this tip offers dependable performance for routine scaling. Trusted for its balance of strength and precision.

The World's First Perio Instruments Delivered in a Protective Tray

Every ErgoRazor® comes with ErgoTray-1 — protecting razor-sharp tips from damage, keeping instruments organized, and making handling and storage safer. Autoclaveable for full sterilization compatibility.

ErgoRazor®

Scalers & Curettes

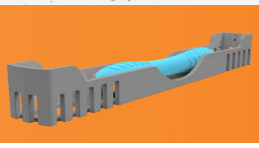

ErgoRazor instruments deliver up to 3× longer-lasting sharpness for precise and efficient periodontal work.

Available with ErgoX® and ErgoX® Plus handles, in black or gold coating, or a silver finish without coating. Each ErgoRazor is supplied with ErgoTray-1 for safe handling and organized storage.

Upto **3X** longer sharpness

Each ErgoRazor comes with an ErgoTray-1.
